“Elder Brother saw that all the children laughed and sang but the elders didn’t, they only worked hard. He wanted to create something that would be beautiful when it was both young and old, so he created the butterfly.”

It is in the spirit of the butterfly story at Aji that we are reminded of the beauty and strength that lies within each of us. As the butterfly emerges from the chrysalis, may your time at Aji provide you with a sense of radiant renewal.

SPA & SALON

OFFERING THE WORLD'S MOST AUTHENTIC NATIVE AMERICAN SPA SERVICES

Aji, meaning "Sanctuary" in the Pima language, is appropriately named after the nearby Aji Mountain, located on the Gila River Indian Community, where women and children would go in times of war. This sacred mountain is still one of the Community's most important treasures and fittingly, Aji Spa is where sacred Pima and Maricopa traditions are practiced and shared.

The ancient cultures of both tribes are also showcased throughout the spa in design elements, artwork, architecture and shared legends.

THE INDIGENOUS COLLECTION

A journey of sacred doctrines, the signature Indigenous Collection was developed by Aji's Cultural Caretakers and offers an authentic Native American spa experience.

HO'ISHP (*Sacred Prickly Pear Body Treatment*)

This signature journey begins in our soft-pack cocoon with an application of sacred prickly pear red clay. The unique combination of heat and nourishing antioxidants will help to detoxify the body and tone the skin. The treatment continues with a revitalizing 50-minute full body massage with prickly pear and aloe oil to rehydrate the skin. This beneficial moisture is sealed in with a final application of aloe and prickly pear gel to leave the skin feeling silky smooth. Our experience concludes with a soothing cup of prickly pear tea.
